(i) _____

(ii) _____

- b) Identify any **one** practice that can help to control pests of bees in an apiary

c) How do bean plants depend on bee?

44. The diagram below shows a method of making magnets. Study and use it to answer question 44.

a) Name the method of making magnets shown in the diagram above.

b) State **two** ways of increasing the strength of the magnet made using the above method.

(i) _____

(ii) _____

c) Name any **one** device that uses such magnets to function.

45. a) Name the method used to ^{make} alcohol

b) Why is yeast used during fermentation of water and sugar?

c) State any **two** effects of alcoholism to an individual.

(i) _____

(ii) _____

46. The diagrams below show a list of invertebrates. Study and use them to answer question 46.

R

S

T

a) Identify the group of invertebrates to which the following organisms above belong

(i) R _____

(ii) S _____

b) Mention any **two** ways in which the soil organism T is important in the environment

(i) _____

(ii) _____

47. a) Identify the type of muscle to which the Muscles of the esophagus belong.

b) Mention any **one** use of muscles in the human body.

c) State any **one** importance of the following tissues in the muscular and skeletal system

i. Tendons

ii. Cartilage

48. The table below shows diseases, their vaccines and the germs that cause the diseases. Complete the table by filling the blank spaces correctly.

Disease	Germ	Vaccine
a) Measles	Measles and vaccine
b) Polio	Polio vaccine
c)	Bacteria	BCG Vaccine
d) Hepatitis B	Hepatitis B Vaccine

49. a) Give **one** reason why food kept in a refrigerator stays safe for a longer period of time.

- b) Mention any **one** example of a useful fungi.

- c) Apart from making food go bad, identify any **two** other dangers of fungi to humans

(i) _____

(ii) _____

50. a) Give any **two** primary sex characteristics that occur in adolescent boys.

(i) _____

(ii) _____

- b) Mention one permanent method of family planning in males.

- c) How do children protect themselves from AIDS/HIV?
