- | | |
|------------------------|-----------------------------|
| For collecting rubbish | For transplanting seedlings |
| For spraying crops | For cutting tree stumps |
| For turning manure | For cutting tree branches |

(a) Tool A

(b) Tool B

(c) Tool C

(d) Tool D

47. (a) How are renewable resources different from non-renewable resources?

.....

.....

(b) What type of energy is produced by the following

(i) Uranium

(ii) Water waves

(iii) Sun

48. (a) Name the electrical symbol shown below.

.....

(c) State **one** advantage of fuses.

.....

(d) Mention any **two** reasons why a fuse may break or blow.

(i)

(ii)

49. (a) Complete the table below correctly.

Stimulus	Tropism
(i) Light / sunlight
(ii)	Hydrotropism
(iii)	Geotropism

(b) State **one** way plants control water loss during long dry season

.....

50. (a) What scientific term is used refer to broken or cracked bone in the body?

.....

- (b) Give **one** sign that can be used to identify a person with a cracked bone in his or body.

.....

- (c) State the first aid given to a person who has got a cracked bone.

.....

- (d) Name the type of broken bone shown in the diagram below.

.....

51. (a) What do we call a mixture of two or more metals?

.....

- (b) Give **one** example of a common mixture of metals.

.....

- (c) How does heat move from one point of a metal to another?

.....

- (d) Apart from painting, give any other method of preventing metallic objects from rusting.

.....

52. The diagrams below show percussion musical drums of three different sizes. Use them to answer the questions that follow.

- (a) Which drum will produce sound with the;
- (i) Highest pitch
- (ii) lowest pitch
- (b) What makes the drum given in (a) (i) above to produce a high pitch?
-
- (c) Apart from drums, mention any other percussion instrument that produces sound.
-

53. Study the list of common crops below and use it to answer questions about it.

Millet, Tea, Beans, Cotton.

- (a) Which of the above crops is grown and harvested more than once?
-
- (b) Which of the crops above is a raw-material to textile industry?
-

(c) Mention **two** ways we can care for our crops.

(i)

(ii)

54. The diagram below shows one of the human body organs. Use it to answer the questions that follow.

(a) Name parts labeled **T**.

.....

(b) State the difference between blood carried by vessel **Y** and **Z**.

.....

.....

(c) Mention **one** disease that can cause the blockage of part P.

.....

(c) How can such blockage be avoided in humans?

.....

55. (a) Why is a knife regarded as a simple machine?

.....

(b) Give **one** advantage of machines to people.

.....

(c) Find the weight at **K**.
